ABOUT **COMPANY**

SJDB Management and Services (M) Sdn Bhd, together with SJDB Facilities Resources, has introduced innovative technologies in the cleaning industry.

Our approach is based on proven processes, effective methods, and a team of skilled personnel. This ensures that our customers receive a consistent, detailed, and professional standard of service at all times.

With our extensive experience in the cleaning industry, our aim is to deliver high-quality services at competitive prices, supporting the growth and success of our clients.

We provide cleaning services to a wide range of commercial clients, including large corporate organizations through contract cleaning, as well as small businesses that require less frequent cleaning services.

OUR VISION

- To deliver high-quality cleaning services with excellence and consistency.
- To develop a reliable and professional organization that clients can trust.
- To ensure the health and safety of our clients and the general public at all times.

OUR MISSION

- To establish ourselves as a leading and trusted cleaning service provider in the industry
- To become the preferred and chosen partner for all our clients
- To consistently deliver high-quality services that provide true value for money

PERSONNEL

SJDB Group of Companies is committed to delivering consistent, high-quality cleaning services at competitive and affordable costs. Our operations are supported by modern cleaning practices and a structured management system, where job supervision is carried out at multiple levels to ensure efficiency and service excellence.

We have implemented a proactive monitoring program in which our staff work closely with the landlord or property management team. This approach ensures that all customized cleaning schedules are carried out efficiently, effectively, and in a professional manner.

Our recruitment, training, and periodic inspection processes are designed to ensure that the services delivered consistently meet and exceed client expectations. We understand that proper personnel selection, clear instructions, and continuous performance evaluation are essential to fulfilling our clients' cleaning requirements.

All employees undergo a structured selection process, including personal interviews and thorough reference checks. Training is provided through a combination of work methods, hands-on demonstrations, and written guidelines. This ensures that our personnel are well-equipped to perform their duties accurately, efficiently, and to the highest standards.

STAFFING

It is the commitment of SJDB Group of Companies to ensure that our clients' premises are maintained in a clean, neat, and well-presented condition at all times. The specifications outlined herein represent the minimum service requirements and are intended to serve as a guideline rather than a limitation to the scope of work required to effectively maintain the facility.

In the event that the level of cleanliness is deemed unsatisfactory at any time, SJDB Group of Companies will promptly instruct its personnel to take the necessary corrective actions to restore the required standards without delay.

Staffing levels will be adjusted accordingly to accommodate periodical maintenance activities while ensuring that daily cleaning services are not disrupted. Any additional services requested beyond the agreed scope will be carried out at mutually agreed rates between both parties.

CHAIN OF COMMANDS

To ensure a quick and effective response to all client requirements, SJDB Group of Companies maintains a streamlined, flexible, and efficient chain of command.

Personnel assigned to each facility are responsible for carrying out daily operational tasks and ensuring that cleaning activities are performed according to the required standards. They work closely with the Site Supervisor, who oversees day-to-day operations within the assigned area.

The Operations Manager is responsible for overall supervision, including regular inspections and providing operational support to ensure continuity and consistency in high-quality service delivery. Inspections are conducted primarily during business hours, as well as periodically throughout the year, to maintain service standards and address any issues promptly.

OUR SERVICES

In order to cater for the various needs of our clients from diverse industries, we offer a comprehensive range of services which include General Cleaning Services

OFFICE CARE SERVICES

BUILDING MAINTENANCE & CLEANING SERVICES

Our contractual cleaning services are designed to support the day-to-day maintenance of various facilities, including office buildings, shopping complexes, trade centres, condominiums, factories, workshops, warehouses, sports complexes and stadiums, theme parks, concert halls, and educational institutions.

POST-CONSTRUCTION CLEANING SERVICES

Our initial cleaning services are tailored for newly completed buildings prior to handover. We ensure that all areas are thoroughly cleaned, debris-free, and ready for occupancy.

FLOOR CARE SERVICES

We provide specialized treatment and cleaning solutions for the maintenance of all types of flooring, including granite, marble, natural stone, ceramic, wooden, synthetic, and other fabricated floor finishes. Our methods ensure durability, cleanliness, and long-lasting appearance.

EXTERNAL HIGH-LEVEL CLEANING SERVICES

We offer intensive external cleaning services for high-rise buildings, including curtain glass walls, concrete surfaces, tiled finishes, and aluminum wall cladding, ensuring a clean and well-maintained exterior appearance.

HOME CARE SERVICES

SPRING CLEANING SERVICES

Intensive cleaning services cater for residential house and apartment.

HOUSEKEEPING SERVICES

General in house cleaning services cater for luxurious apartment, hotel and Hostel.

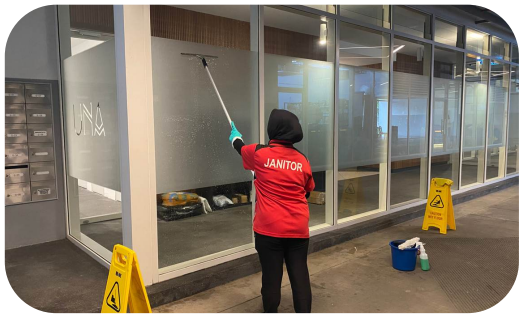

SJDB

TRANS CARE SERVICES

We provide general cleaning and tea lady services tailored for corporate office environments. Our services also include telephone sanitation, ensuring office communication equipment is properly cleaned and hygienic

BUILD CARE SERVICES (TERMINAL CLEANING)

Our terminal cleaning services are designed for high-traffic environments such as airports, railway stations, and bus terminals. We ensure consistent cleanliness and hygiene standards are maintained in these demanding areas.

CARPET CARE SERVICES

We offer steam extraction cleaning, an intensive cleaning method suitable for natural wool and synthetic fiber carpets, as well as upholstered furniture. This process ensures deep cleaning, stain removal, and improved hygiene.

WASTE DISPOSAL SERVICES

We provide daily waste collection and disposal services from your premises to designated disposal sites. Waste bins can also be supplied upon request to support efficient waste management.

SEWERAGE & LANDSCAPING MAINTENANCE SERVICES

We offer sewerage services on a scheduled or on-call basis, along with comprehensive landscaping maintenance. Our integrated service approach allows clients to benefit from a complete solution, including cleaning, waste disposal, and sewerage services — eliminating the need to engage multiple contractors.

SJDB

QUALITY CONTROL

SJDB Group of Companies recognizes that the quality of our work directly reflects your organization's image. We understand that significant effort and investment go into creating a clean, professional, and welcoming environment. Our cleaning services are designed not only to maintain but also to enhance and preserve the appearance and overall condition of your premises. Your satisfaction is our ultimate measure of success.

Our objective is to meet and exceed your cleaning requirements through effective planning, skilled manpower, and proven management techniques. We offer a variety of flexible solutions tailored to suit your specific operational needs and customized cleaning schedules.

Over the years, SJDB Group of Companies has built a strong reputation in the cleaning industry for delivering reliable, consistent, and high-quality services. Our commitment to excellence ensures that every aspect of your cleaning requirements is handled with professionalism and attention to detail.

With our extensive experience, we recognize that quality control is the key to achieving customer satisfaction. In response to growing awareness and expectations regarding environmental standards, we have continuously emphasized the importance of delivering quality services that align with industry best practices and environmental responsibility.
